DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This house, located on the east side of South Vermont Street is a one and a half story four bay duplex dating from the late 19th century. Probably of log construction, is is now covered with alumin-  
um siding. Presumably, it was built as a duplex. It has modern  
single pane sash windows. Its entrances are located in the second  
and fourth bays from the northeast end. The roof is covered with  
sheet metal and there is a central brick chimney. The house appears  
to be in good condition.
